

CONTENT

Preface	1
The challenge of management of water in Moroccan cities (<i>A. Dahchour, S. El Hajjaji</i>)	2
Revitalization of historical Beykoz-Onçeşmeler water system in Istanbul, Turkey (<i>A. Doğan, E. Debik</i>)	9
Wastewater management roadmap towards 2050, Egypt (<i>H. Soussa</i>)	20
Managing water losses in urban water distribution systems (<i>I.E. Karadirek</i>)	29
Developing a risk management model to protect water sources (<i>M. Shahriari, M.E. Aydin</i>)	37
Integrated management of water resources in transboundary Euphrates-Tigris (ET) Basin (<i>H. Şahin, B. Topkaya</i>)	50
Typology of water produced and distributed by onee - water branch in the Region Center - Khouribga (<i>A. El Hadki, A. Zouhir, A. Dahchour, A. Zrineh, H. El Hadki</i>)	61
Flash floods at El-Arish City - A critical review of flood risk management (<i>A.M. Elmoustafa, A.M.O. Kamhawvy</i>)	77
Advantages of decision support systems for comprehensive watershed management (<i>G.O. Engin, M. Çelen, A. Adiller, S.N. Engin</i>)	92
Problems caused by improper water and land management and global climate change effects in Karapinar Basin (Konya, Turkey) (<i>A. Ozdemir, M.E. Aydın</i>)	100
Loss and leakage operation as a part of İSKİ smart grids (<i>T. Vardar</i>)	111
Multi criteria analysis of sedimentation in vertical drainage wells, Case study: El-Obour City, Egypt (<i>A.A. Hassan, M. Hagrass, P. Riad</i>)	121
Groundwater management of Skhira aquifer (center east of Tunisia): flow modeling (<i>F. Hamzaoui-Azaza, R. Trabelsi, R. Bouhlila, H. Khanfir</i>)	131
Assessment of the groundwater salinity used for irrigation and risks of soil degradation: Example of Oued El Maleh, Region of Mohammedia (Morocco) (<i>K. Belhsaien, H. Dakak, H. Iaaich, A. Douaik, A. Dahchour, S. El Hajjaji, A. Zouahri</i>)	142

Contribution of remote sensing and geochemistry to identify hydrogeological inter connections between the two aquifers of Sminja - Oued Rmel (north-eastern Tunisia) (<i>M. Ameer, F. Hamzaoui-Azaza, S. Gannouni, M. Gueddari</i>)	153
A small solar distillation plant for the production of laboratory pure water in North Jordan (<i>R.A. Damseh</i>)	162
Management and reuse of textile wastewater after electrocoagulation / nanofiltration treatment (<i>C. Fersj, M. Dhahbi</i>)	170
Analysis and optimization of surface water demineralization plant performances (<i>M. Benbouzid, M. Hafsi, C. Causserand, S. Sebbahi, S. El Hajjaji</i>)	180
Removal of methylene blue by raw and roasted date seeds optimization using response surface methodology, kinetic modelling and adsorption isotherms (<i>M. El Marouani, K. Azoulay, I. Bencheikh, L. El Fakir, L. Rghioui, A. El Hajji, S. Sebbahi, S. El Hajjaji, F. Kifani-Sahban</i>)	191
Evaluation of heavy metals in sewage water using biofilm as an indicator at Al-Albait University – Mafraq, Jordan (<i>A. Jiries, A. Shatnawi, M. Shra'ah</i>)	205
Study of a UV disinfection pilot treatment plant for purified wastewater (<i>S. Belarbi, S. El Hajjaji, M. Mahi, N. Bendaou</i>)	215
Evolution of the history of water quality complaints in Casa-Anfa during the period 2013-2015 (<i>S. Jaddoudj, A. Dahchour, A. El Hourch, S. Koraiik</i>)	226
Controlling the impact of the Mohammedia city landfill on groundwater and surface water resources (<i>J. Mabrouki, A. Moufti, S. El Hajjaji</i>)	234
Safe reuse of treated wastewater for agriculture in Egypt (<i>H.F. Abd-Elhamid, M.M. Abdel Daiem, E.H. El-Gohary, Z. Abou Elnaga</i>)	245
Pollution sources to Zarqa River: their impact on the river water quality as a source of irrigation water (<i>A. Al-Omari, I. Farhan, T. Kandakji, F. Jibril</i>)	260
<i>Management water resources - can deficit irrigation adapt water scarcity in MENA?</i> (<i>M. Abu-Hashim, H. Lilienthal</i>)	276
<i>Assessment of wastewater quality of some drains in Egypt for irrigation purposes</i> (<i>A.M. Helmy, M.K. Abdel-Fattah, M.S. Abu Hashim</i>)	288
<i>Study of the remediation of Moroccan salty-soils by application of gypsum and compost</i> (<i>O.I. Halima, S. El Hasini, H. Dakak, A. Douiak, H. Iaaich, A. Dahchour, S. El Hajjaji, A. Zouahri</i>)	300
